An Introduction to Fayette Progressive Preschool

Professional Affiliations

As a parent of a child between the ages of 3 to 5, we know that you want a fun, creative, and structured learning environment for your child. At Fayette Progressive Preschool we offer you professionally trained and highly qualified preschool teaching and support staff. Our facility has been specifically designed for the individual needs of small children and their families. Located at The Starting Gate–Fayette County Early Childhood and Family Center, the Fayette Progressive School offers you over 30 years of educational experience and a commitment to the development of all children in Fayette County. We also offer a tuition based Preschool Pals Program in which Preschoolers without disabilities are role models for the students with Disabilities.

For years research has told us that children with disabilities and developmental delays learn better and faster when they are in the presence of other children who are typically developing. By their very nature children copy the advanced skills of other children. Social development skills and various communication skills are enhanced when children play with other children in a structured, creative environment.

The Fayette Progressive School and the Fayette County Board of DD are affiliated with local and state organizations who are committed to providing educational and developmental opportunities to children:

- * Active Member of the Fayette County Family and Children First Council
- * Active Member of Children Offered Resources Early (Fayette County Collaborative Group)
- * Member of the Ohio Association of County Boards of DD
- * Certified by the Ohio Department of Education
