We offer quality programs and coordinate services so that people we serve may realize their dreams and actively contribute to their community.

The Fayette County Board of DD has been around since 1967. We began in the basement of a local church, serving eight children with disabilities. Today, we assist hundreds of children, adults and families with their education, vocational training, habilitation, transportation, and service coordination needs.

Like us on Facebook to become a part of our community and to stay informed of upcoming events and activities.
