SPEAK UP!

By calling or texting the statewide hotline – 844-SaferOH, you can report anything that is suspicious or endangering to you, your friends or your school. This tip line can be used by students, parents or staff to report imminent suicides, violence, bullying or other problems or potential hazards that may occur or are occurring.

What is Safer Schools Ohio?

Safer Schools Ohio, a collaborative approach between the Ohio Departments of Education, Higher Education and Public Safety, was created to assist schools in continuously improving the safety of our students and our schools. Please visit SaferSchools.Ohio.gov for information and resources.

School Emergency Management Plans

Paramount in this effort is ensuring each school has an emergency management plan. Required annually, emergency management test and annual plan reviews help schools continuously improve school safety. In addition, state experts, including those in the Department of Public Safety's Ohio Homeland Security division, review the plan for compliance and provide guidance to help schools implement best practices to improve their plans.

Support

The Ohio Department of Education's Center for P-20 Safety and Security is committed to supporting all schools to ensure the safety of students, employees and visitors through effective policies, procedures, training, community and interagency involvement.
