Superintendent provided background information to the board. The prospective buyers of the land located behind the building may be interested in also purchasing the building. They may be willing to offer a purchase price range of \$700,000 - \$800,000.

It is estimated that a replacement cost would be \$1.5 to \$1.8 million to house both the school and administrative offices.

The replacement estimate may be a little lower if the county could assist in some project work. i.e.. parking lot, sewer, etc.

The Board agreed to negotiate the sale of the building asking for \$1.8 million as a starting point with \$1.3 being the lowest price to consider.
